Web Design, Print Layout, Writing & Editing

Season's Greetings ...and Happy New Year!

January, 2010

Red Hawk Communications is heading into 2010 as busy as ever with a number of websites, print projects, writing commitments and on-going updates on the agenda.

The last few years of running this business have been fun, challenging and busy!! I've learned a great deal, some of it the hard way, but I still very much enjoy working in the Communications field.

A few changes upcoming for 2010:

- * My hourly rate has increased from \$45./hour to \$50./hour (my first price increase to date)
- * Website Hosting, for 2010, will drop from \$250./year to \$200./year for those folks who have websites hosted through Red Hawk. As well, I will be invoicing for 2010 hosting and domain name renewals in January rather than partway through the year.
- * Invoicing (including the backlog of invoicing I'm working my way through - some of it still from 2008 and 2009) is ongoing. I want to thank everyone for their patience in this regard. A lesson I've definitely learned the hard way, is that I cannot always put the creative side of things ahead of the accounting... or I can't pay my bills.
- * Payment Options: Red Hawk accepts cheques, money orders or credit card payments. If you would prefer to pay by credit card, please let me know when I send out your invoice(s) and I'll send a second invoice with a link for you to pay online. As well, you can pay your 2010 website hosting and domain renewals anytime via the various Online "Buy Now" payment choices on our website. www.redhawkcommunications.com/redhawk_payment_options.htm

General Information:

If you have a website or print document that needs updating or re-building, please send your new information my way. A website, particularly, will be far more beneficial to you if it's updated regularly.

As well, if you need new or additional email accounts or if you would like to try your hand at blogging, just let me know and I'll set these features up for you.

Some new projects Red Hawk is working on:

Canadian Barrel Racer Online E-Magazine
Blue Neon Ranch website re-build
Crash Cooper website re-build
Landcore Technologies website re-build
Just In Time With Horses website
Barrel Horses To Bet On website
